BILLS INTRODUCED INTO THE LEGISLATIVE ASSEMBLY ON 20 DECEMBER 2000

The following Bill was introduced into the Legislative Assembly of Norfolk Island on 20 December 2000:

- **Disaster and Emergency Management Bill 2000:** A disaster plan for Norfolk Island has been under consideration and preparation for some years. A full consultation process has continued over that time to ensure an integration of all services, community bodies, commercial enterprises, and suppliers during any emergency or disaster which may require a coordinated response from many different organisations at the same time. This Bill will enable the official operation of a committee which has informally met over several years. It will enable the executive members and other members of the Legislative Assembly to respond immediately and positively to a disaster or emergency situation, and gives formality to a plan for response to and recovery from any disaster or emergency.
