

MEDIA RELEASE

Restrictions

The EMT will review the level of restrictions in place for the community as well as those travelling to the island tomorrow, Wednesday 12 January. Information about the decision will be available on the Emergency Management Norfolk Island (EMNI) Facebook page [@emergencymanagementnorfolkisland](https://www.facebook.com/emergencymanagementnorfolkisland) and on Councils website www.norfolkisland.gov.nf/covid-19-advice-norfolk-island

Updated case numbers as of 11 January 2022

The statistics below are as at midnight on Monday 10 January 2022.

COVID Statistics	Number
Positive RAT tests (previous 24hrs)	8
Number of RAT tests conducted (previous 24hrs)	30
Daily average of positive tests (7days)	4.9
Current number of Active cases	34
Current number of high-risk cases	6
Close Contacts in isolation	90
Recovered (discharged) cases	14

Cumulative Statistic	Number
Total number of positive (including recovered)	48
Total number of tests conducted	249

Those most at risk including the elderly, immune system compromised or unvaccinated, are encouraged self-isolate at this time to avoid exposure to COVID. EMT understand that this is can be challenging, particularly during school holidays when care for children is limited, however, those most at risk should take every precaution to ensure that their level of exposure is minimised.

If you are in quarantine or self-isolating, and require access to goods or services, contact the Welfare Coordinator. If you are experiencing any symptoms related to COVID contact the NIHRACS on 22091. DO NOT go to the Hospital.
