THE ADMINISTRATION OF NORFOLK ISLAND

MEDIA RELEASE

Guaranteed land titles

Since the introduction of the *Land Titles Act 1996* approximately 90% of the portions in Norfolk Island have been converted to Guaranteed Title.

Following on from a recent application to the Administrative Review Tribunal concerning a claim for adverse possession, the public are advised that the provisions of the Act provide statutory protection for those persons who have converted their titles. There are at present no fees associated with the lodgement of such applications.

Those persons who are the registered owners under old title system who have not taken advantage of these provisions are encouraged to do so to protect their interest in the land.

Application forms for conversion to Guaranteed Title are available from the Government web site www.info.gov.nf or at the Office of the Registrar of Titles, Kingston.
