

Check www.norfolkair.com for Bargain Fares to Beautiful Norfolk Island

Norfolk Air is urging holidaymakers looking for bargain fares to Australia's closest international destination to check its website for monthly *Take a Seat* specials from the four Australian airports it services.

"Each month Norfolk Air will post a series of *Take a Seat* discount tickets on our website at www.norfolkair.com to give travellers the opportunity to obtain hot discounts on flights from Sydney, Newcastle, Brisbane and Melbourne," said Norfolk Air General Manager Ewan Wilson.

"First up will be Newcastle, where a super low tax included return fare of \$349.46 has just been posted for departures on December 10 and 17, returning December 17 and 24.

"This super low fare offers a great way for travellers able to fly out of Newcastle to take advantage of the island's low tax rates for great Christmas shopping bargains or to just chill out in one of Australia's most beautiful holiday destinations before the Christmas rush.

"Next month the *Take a Seat* discount will move to another airport, but holidaymakers will need to monitor www.norfolkair.com on a regular basis to be able to snap up the deals as they appear."

With direct flights now available from Melbourne, Norfolk Air offers three weekly flights from Sydney, three from Brisbane and one each from Melbourne and Newcastle. Regular fares can be booked through travel agents or via www.norfolkair.com.

Norfolk Air is a joint partnership set up by the Norfolk Island Government with aircraft operator Ozjet, using Norfolk Island cabin crew and basing the Boeing 737 aircraft on the island. Passports are required for travel to the island, an External Territory of Australia.
