

QUEEN'S BATON RELAY

What an exciting week for the community with the Queen's Baton making its way across the island, wonderfully promoted by Ray Martin and Channel 7's Weekend Sunrise team.

Norfolk Island was the Baton's third last stop before heading to New Zealand and then landing in Australia. The Baton will then spend 100 days traveling through Australia, finishing its journey at the Opening Ceremony on 4 April 2018.

A big congratulations to all of the chosen baton bearers, it truly was a special week for Norfolk - one that won't be forgotten.
