## RADIO SERIAL – THE SCARLET DIARY

On Friday 11 January 2019, the popular *Cattleman* radio serial will come to an end. Instead, on Monday 14 January 2019, Radio Norfolk will be welcoming *The Scarlet Diary* to the airwaves – an expertly contrived and compelling drama with all the ingredients of a top-line program!

*The Scarlet Diary* will air at 10:30am every Monday to Friday (except on public holidays) for 104 episodes – so be sure to tune in!

We would like to give our sincere thanks to Australia Post which will kindly continue to sponsor the morning serial.

Tune into Radio Norfolk on our frequencies of 89.9FM and 1566AM.

### **Program Details:**

*A serial that successfully combines a dramatic love story with suspense and intrigue. It concerns lovely Jan Fraser who is confidential secretary to publisher Raymond Parker. Parker succeeds in obtaining publishing rights to the memoirs of a once fabulous and notorious socialite named Lillian Scarlet. The contents of 'The Scarlet Diary' – as the memoirs are called – are highly controversial and publication of them would cause a scandal.*

*When Parker dies in mysterious circumstances and 'The Scarlet Diary' suddenly disappears, Jan Fraser becomes entangled in a web of suspicion as she seeks to recover 'The Scarlet Diary' and its explosive contents.*
