

## MUSEUMS AND RESEARCH CENTRE

### School Holiday Program Competition Winners

With over 60 children visiting the museums as part of the School Holiday Program, we had many people both young and old inspired to draw a cartoon of Norfolk Island life.

All entries went into a draw last Friday, and the Museum is pleased to announce the following winners:

- Alasdair: Cartoon of medivac flight
- Frejja: Cartoon of whaling industry
- Ruby: Cartoon of a Plane

Multiple entries focused on planes (with Foxy's cartoons at the R.E.O perhaps providing guidance) but other topics depicted included fishing, birthday parties, falling avocados, Norfolk's sea life and Mt Pitt.

We'd like to thank all those who entered and visited the museum during the School Holiday program.

All the artworks will stay on display with the temporary exhibition *Pacific Pictures and Publications* at the R.E.O until March 2021, so make sure you come down and have a look.
